Who we are

Fastweb is the leading online resource in finding scholarships for students to help pay for school.

We match students to scholarships based on their scholarship profile criteria provided, acting as their personal scholarship finder.

We also provide students with resources to realize their educational pursuits, from the time they begin their college search to the day they land their first job after graduation.

Fastweb provides high-powered access to the millions of American users you need to reach.

By the numbers

Fastweb is the one-stop spot to access more than **1.5 million scholarships** worth:

Forbes

Sites like Fastweb can help you find scholarships that are specific to your needs.

Let's Talk

Fastweb is your one stop shop to reach a large market of students, parents and educators across the United States. Fastweb provides high-powered access to the millions of American users you need to reach—easily and efficiently.

We offer a full range of marketing services, including advertising, sponsorships, consumer research, marketing communications, community outreach, events and qualified lead generation.

In conjunction with our parent company, **Monster.com**, we also offer job postings and recruiting service to employers seeking to hire people with experience.
